## NOEL MARINHO

60 ANOS DE CRIAÇÃO EM AZULEJARIA

| Elaborados a partir de recortes e colagens, ou mesmo da desconstrução de telas pintadas ao longo de décadas, os desenhos geométricos dos azulejos criados pelo arquiteto Noel Marinho resumem a importante influência da geração de ouro da arquitetura moderna brasileira. |

*60 YEARS OF ART AND DESIGN WITH TILES: Developed through distinct forms of scraps and collages, or from the deconstruction of canvases painted along the course of decades, the geometric tiles created by architect Noel Marinho resume the influences of the golden generation of Brazilian modern architecture.*
